

1. Add a section in the homepage between “about who we are” and “about our goals” sections. Make the heading of the new section as “ Our Valued Customers”. Make it dynamic so that the logo photos can be changed from admin dashboard and make it as slider.

Section Design Sample :-

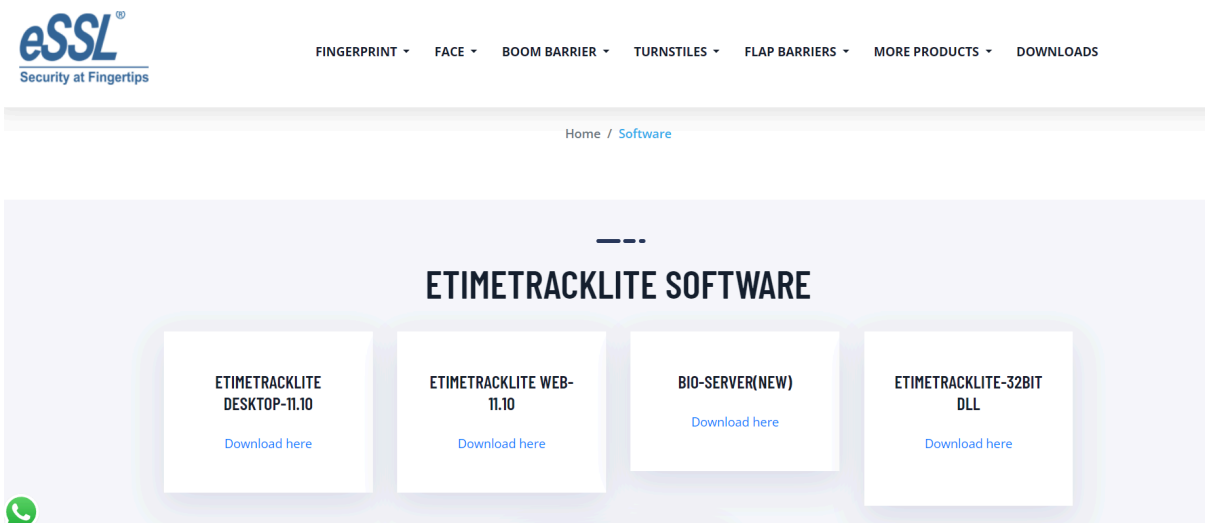

2. Add a section for youtube video testimonials of customers and keep it's heading as “ Our Happy Customers”. Enable to link our youtube video links through admin dashboard. In the homepage only thumbnail will load and if clicked then only the video will play. Add slider to the section.

Section Design Sample :-

3. Add a button to the top menubar named "Catalogues". It will open to page from where brochures and catalogues can be downloaded directly. Make it dynamic to enable addition of pdfs form download.

Sample Design :-

4. Remove the section "Personal Installation" from homepage.
